Gun Lake Casino Expansion

March 14, 2016

Dear Tribal Citizens and their families

I am thrilled to introduce myself as the new Construction Liaison for for the Gun lake Casino Expansion. I will be assisting tribal citizens and their families with job opportunities on the construction site over the next year.

The positions will evolve through the phases of the expansion, but this is an incredible chance to use your skills or apprentice in a new trade. My hope is that members will proudly work hands on to build the casino expansion, and develop relationships and talents that will lead to a career.

If you are interested in a position with one of the subcontractors, please return the enclosed application as soon as possible. They will begin hiring in April, but there will be short and long term projects throughout the year. Even if you are not directly interested in a construction job, please consider sharing this opportunity with another family member or native youth over 18. I am happy to mentor anyone through this process. Please feel free to contact me with questions anytime: hhenderson@glgaming.org

All the best,

Holly Henderson
